### **ABOUT ISACA**

Nearing its 50th year, ISACA® is a global association helping individuals and enterprises achieve the positive potential of technology. Today's world is powered by technology, and ISACA equips professionals with the knowledge, credentials, education and community to advance their careers and transform their organizations.

ISACA leverages the expertise of its 450,000 engaged professionals in information and cyber security, governance, assurance, risk and innovation, as well as its enterprise performance subsidiary, CMMI® Institute, to help advance innovation through technology. ISACA has more than 200 chapters established in over 80 countries worldwide.

### **ABOUT ISACA COCHIN CHAPTER**

Cochin chapter of ISACA was started in the year 1999. Our sincere efforts resulted in producing more than 1000 top notch Information Technology leaders and they are our brand ambassadors all around the globe. Our chapter has always been in the forefront of providing an opportunity for knowledge gaining and professional networking events for our members and other IT professionals in the state of Kerala.

**WORLD RENOWNED ISACA CERTIFICATIONS**

The CISA certification is world-renowned as the standard of achievement for those who audit, control, monitor and assess an organization's information technology and business systems. The recent quarterly IT Skills and Certifications Pay Index (ITSCPI) from Foote Partners ranked CISA among the most sought-after and highest-paying IT certifications.

CISM, the Certified Information Security Manager is ISACA's new certification and is specifically geared toward experienced information security professionals. CISM is business-oriented and focused on information risk management while addressing management, design and technical security issues at the conceptual level.

CRISC is the only certification that prepares and enables IT professionals for the unique challenges of IT and enterprise risk management, and positions them to become strategic partners to the enterprises.

Cybersecurity Nexus (CSX), a new security knowledge platform and professional program from ISACA. CSX is helping shape the future of cybersecurity through cutting-edge thought leadership, as well as training and certification programs for the professionals who are leading it there.
