## **Cochin Chapter**

ISACA (previously known as Information Systems Audit and Control Association), USA is an independent, nonprofit, global association engaged in the development, adoption and use of globally accepted, industry-leading knowledge and practices for information systems. ISACA is a leading global provider of knowledge, certification, community, advocacy and education on information systems assurance and security, enterprise governance and management of IT and IT-related risk and compliance.

Founded in 1969, the organisation headquartered in Illinois, USA has grown into a global leader in IS Audit, IT Governance and Information Security. ISACA has 140000 members across 180 countries. ISACA provides practical guidance, benchmarks and other effective tools for all enterprises that use information systems. Through its comprehensive guidance and services, ISACA defines the roles of information systems governance, security, audit and assurance professionals worldwide. The COBIT framework and the CISA, CISM, CGEIT and CRISC certifications are ISACA brands respected and used by these professionals for the benefit of their enterprises. ISACA hosts international conferences, publishes the ISACA Journal, and develops international IS auditing and controls standards, which help its constituents ensure trust in, and value from information systems.

## **ABOUT ISACA COCHIN CHAPTER**

Cochin chapter of ISACA was started in the year 1999. Since then the chapter is functioning as a nodal point of ISACA activities in the state of Kerala. Our sincere efforts resulted in producing more than 1000 top notch Information Technology Leaders and they are our brand ambassadors all around the globe. ISACA Cochin chapter organises conferences, workshops and other professional education initiatives to enable sharing of knowledge and experience among professionals in IT and related domains.

## WORLD RENOWNED ISACA CERTIFICATIONS

The CISA certification is world-renowned as the standard of achievement for those who audit, control, monitor and assess an organization's information technology and business systems. The recent quarterly IT Skills and Certifications Pay Index (ITSCPI) from Foote Partners ranked CISA among the most sought-after and highest-paying IT certifications

CISM, the Certified Information Security Manager is ISACA's new certification and is specifically geared toward experienced information security professionals. CISM is business-oriented and focused on information risk management while addressing management, design and technical security issues at the conceptual level.

CRISC is the only certification that prepares and enables IT professionals for the unique challenges of IT and enterprise risk management, and positions them to become strategic partners to the enterprises.

Cybersecurity Nexus (CSX), a new security knowledge platform and professional program from ISACA. CSX is helping shape the future of cybersecurity through cutting-edge thought leadership, as well as training and certification programs for the professionals who are leading it there.
