

WallPro 300

WALL MOUNT FOR SHORT SPANS

The WallPro 300 wall mounted retracting belt barrier is the ideal solution for restricting access in short span applications such as cash register isles, elevators, hallways and doors. Wall mounting eliminates the need for bulky floor standing barriers and the WallPro's compact design will not create an obstruction in restricted spaces. WallPro's sleek ABS housing is both tough for work environments and attractive to suit interior décor. The WallPro 300 is available with multiple mounting and belt end options making this one of the most the most versatile barrier systems available.
