Tensabarrier® 897 - 15ft Wall Unit

Part of the world's first and largest range of retractable belt barriers.

Wall units are a perfect solution for situations where a flexible, retractable barrier is required without taking up floor space. Used in a wide variety of settings including warehouses, factories, airports multiplex theatres, shopping malls and banks. The 897 features a 15' belt making it ideal for applications requiring a longer belt. A variety of mounting options are available to suit different applications, all are simple to install.

Specifications:
